

Pro-Pedestrian Washington's Waterfront Petition

To: Our Representatives and Officials elected by the citizens of Tacoma, Pierce County and the State of Washington. And to the staff at the City, County, Port and State

Re: **Continuous accessible shoreline walkway from the Tacoma Dome to Point Defiance**

The undersigned believes completion of a continuous, public access, shoreline walkway connecting the Thea Foss Waterway shoreline park to Point Defiance Park is in the best interest of the citizens of the Tacoma area. Such a walkway will supply educational opportunities, provide a destination for residents, attract visitors, develop hospitality businesses and assist in amending the health of the eco-systems for our urban forests, green spaces and aquatic life in general and salmon in particular.

The undersigned requests that you:

- 1. Commit** to the continuing renaissance of our area by designing and completing a continuous, human-scale, ADA accessible design, pedestrian waterfront walkway from the Tacoma Dome to Point Defiance by 2015.
- 2. Encourage** a contemporary community of healthy families, active lifestyles and multi-generational recreation by completing the Tacoma Dome to Point Defiance waterfront walkway.
- 3. Promote** economically vibrant neighborhoods and support a healthy Puget Sound and Commencement Bay.
- 4. Respect and uphold** Tacoma's Comprehensive Plan, Tacoma's Municipal Code and Washington State Shoreline Management Act by preserving and protecting the quality of life in Tacoma's historic residential areas and along Tacoma's shoreline.
